

GSX

GLOBAL SECURITY EXCHANGE

FORMERLY ASIS ANNUAL SEMINAR & EXHIBITS

23-27 SEPTEMBER 2018

LAS VEGAS CONVENTION CENTER | LAS VEGAS, NV

One Powerful Event. **A WORLD OF SOLUTIONS.**

Formerly the ASIS Annual Seminar and Exhibits, Global Security Exchange unites the full spectrum of security for one powerful, global event. It's the world-class education, innovative technology and solutions marketplace, and industry-leading networking you need—**multiplied.**

Produced in Partnership with

ISSA
Information Systems Security Association
International

GSX.org | [#GSX18](https://twitter.com/GSX18)

STRATEGIES FOR SECURITY—MULTIPLIED.

ASIS International's flagship security event has a new name and a fresh look—but it's still the world's most trusted and established event for security professionals worldwide.

Formerly the ASIS Annual Seminar and Exhibits, **Global Security Exchange (GSX)** delivers new opportunities to exchange key ideas and best practices, expand global connections, and experience innovations. And with the new name comes a sharpened focus on security from a global perspective—through shared ideas and experiences, content related to current and emerging threats worldwide, and wide-ranging technologies that address unique needs in every market.

But it's more than just a new name. GSX has elevated the event experience with interactive education, revitalized networking, and a reimagined exhibit hall. Join your peers in Las Vegas and multiply your strategies to proactively anticipate and stay ahead of the rapidly changing threat landscape.

WHO ATTENDS GSX?

GSX opens the door to the entire industry—security professionals from all verticals across the private and public sector, allied organizations and partners, and solution providers—for the most comprehensive security event in the world. More than 22,000 professionals from 100+ countries register for GSX each year:

- Architects and engineers
- Audit and risk professionals
- Brand protection experts
- Business continuity specialists
- Business leaders
- Consultants
- Distributors, resellers, dealers
- Enterprise security risk management executives
- Government and military professionals
- Homeland security professionals
- Investigators
- IoT security professionals
- IT security professionals
- Law enforcement professionals
- Loss prevention professionals
- Researchers
- Risk management professionals
- Security practitioners
- Security trainers
- Security/law enforcement instructors
- Service providers
- Systems integrators

WHY SHOULD YOU ATTEND GSX?

Expand Your Knowledge

Designed for interactive and collaborative learning, GSX education sessions provide valuable, actionable takeaways to help shape your security strategy—today and in the future.

Invest in the Best

Showcasing the full spectrum of security—from virtual reality to robotics and access control to alarms—you can explore, compare, and invest in the best solutions for your specific needs.

See into the Future

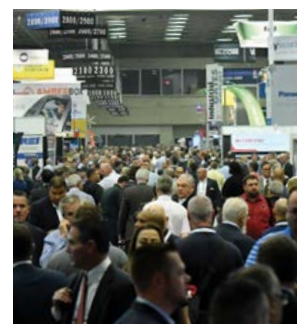

In a packed exhibit hall comprised of 550+ exhibitors, education theaters, live demos, and the Innovative Product Awards, you'll experience new and emerging technologies before they hit the market.

Gain Even More Skills

Make the most of your time in Las Vegas by adding a pre-conference program to your agenda. These one- and two-day intensive courses provide an unparalleled opportunity to gain professional and career-building knowledge in a setting designed for collaboration and learning.

Celebrate Our Profession

It's no secret that security professionals around the world work night and day to protect their organizations, communities, and assets. And at GSX, we like to celebrate our achievements and honor our peers at the industry's most legendary networking events.

SCHEDULE-AT-A-GLANCE

SATURDAY, 22 SEPTEMBER

8:00 am – 5:00 pm Certification Review Programs

SUNDAY, 23 SEPTEMBER

8:00 am – 2:00 pm Certification Review Programs

8:00 am – 3:00 pm ASIS Foundation Golf Tournament at Bali Hai

8:00 am – 5:00 pm Pre-Conference Programs

7:00 – 10:00 pm Opening Night Celebration at Brooklyn Bowl

MONDAY, 24 SEPTEMBER

8:30 – 10:00 am Opening Keynote

10:30 – 11:45 am Education Sessions

12:00 – 1:30 pm Outstanding Security Performance Awards Luncheon

2:00 – 3:15 pm Education Sessions

3:45 – 5:00 pm Education Sessions

TUESDAY, 25 SEPTEMBER

8:30 – 10:00 am Keynote Address

10:00 am – 5:30 pm Exhibit Hall Open

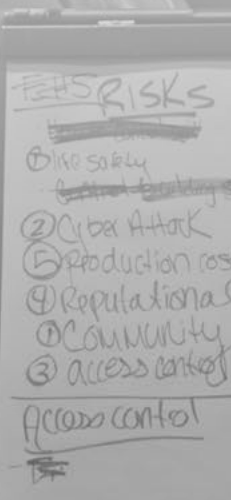

11:00 am – 12:15 pm Education Sessions

12:30 – 2:00 pm Lunch in the Exhibit Hall

2:00 – 3:00 pm Education Sessions

3:30 – 4:30 pm Education Sessions

4:30 – 5:30 pm ASIS Happy Hour in the Exhibit Hall

WEDNESDAY, 26 SEPTEMBER

Military & Law Enforcement Appreciation Day

8:30 – 10:00 am	Keynote Address
10:00 am – 5:30 pm	Exhibit Hall Open
11:00 am – 12:15 pm	Education Sessions
12:30 pm - 2:00 pm	Lunch in the Exhibit Hall
2:15 – 3:15 pm	Education Sessions
3:45 – 4:45 pm	Education Sessions
7:00 – 10:00 pm	President's Reception at Drai's Nightclub

THURSDAY, 27 SEPTEMBER

8:30 – 10:00 am	Closing Keynote
10:00 am – 1:00 pm	Exhibit Hall Open
10:00 – 11:15 am	Education Sessions in the Exhibit Hall
11:00 am – 1:00 pm	Lunch in the Exhibit Hall

As of 1 June; schedule subject to change

“I benefitted immensely from the quality of the sessions I attended and the array of high-end electronic security devices on display, coupled with active networking with most of the exhibitors. It was a worthwhile experience for me and I’m looking forward to 2018!”

**—Ademola Onalaja, Managing Director
Proton Security Services Limited**

KEYNOTES

GSX is designed to address the comprehensive nature of security, creating an integrated experience focused on understanding the changing landscape and the tools and tactics needed to proactively anticipate and respond to threats. Every year, attendees hear from global leaders who offer insider insights into some of the most important issues facing security management professionals worldwide and the latest technologies changing our industry and our lives.

Monday, 24 September | 8:30 – 10:00 am

THE FORCES OF GLOBAL CHANGE: THRIVING IN AN ERA OF TRANSFORMATION

FAREED ZAKARIA

Global Thinker | Columnist | CNN Host

Renowned journalist and thinker Fareed Zakaria will examine the state of the world and the important forces, developments, and risks that will affect you, your organization, and the global community. How will the global shift in power from West to East impact different parts of the world? How should the United States understand and thrive in a rapidly changing international climate in which it might no longer dominate the global economy, orchestrate geopolitics, or infiltrate cultures? With an emphasis on international intelligence and security, Dr. Zakaria will explore what it means to live in a truly global era.

Host of CNN's flagship international affairs program Fareed Zakaria GPS, a bestselling author, and a *Washington Post* columnist, Fareed Zakaria is widely respected for his thoughtful analysis and ability to spot economic and political trends. *Esquire* magazine described him as "the most influential foreign policy adviser of his generation."

Tuesday, 25 September | 8:30 – 10:00 am

DIGITAL TRANSFORMATION AND SECURITY: MANAGING AT BREAKNECK SPEED

SCOTT KLOSOSKY

Founder and Principal | Future Point of View

Every security professional faces the monumental task of managing risk in a volatile, uncertain, complex, and ambiguous world, dominated by technology that is evolving at breakneck speed. It's not enough just to be familiar with the changing terminology, whether it's AI/VR, hyperconnectivity, wearables, or the Internet of Things. The ultimate health of every organization will be based on how well we anticipate and manage through constant change and volatility.

Building on his continuing involvement with chief security officers and through critical conversations with ASIS stakeholders over the past year, Scott Klososky is well-positioned to walk us through this digital transformation and its formidable impact on security management and leadership. As you will hear, there have been staggering changes in the last year alone. As Founding Partner, Future Point of View, Scott works with leaders across a variety of sectors and organizations of all sizes to help them improve their positioning in a rapidly changing world. This session will build a compelling case for managing and using technology—and knowing when not to use it—to gain a competitive advantage and lead successfully into the future.

PRE-CONFERENCE PROGRAMS

Make the most of your time and resources in Las Vegas by adding a one- or two-day intensive education program to your agenda. The pre-conference programs provide an unparalleled opportunity to gain professional and career-building knowledge in a setting designed for collaboration and learning.

CERTIFICATION REVIEW PROGRAMS: CPP, PCI, PSP

Saturday, 22 September | 8:00 am – 5:00 pm

Sunday, 23 September | 8:00 am – 2:00 pm

A robust “boot camp” style learning experience led by board-certified instructors, each of the GSX certification review programs—covering either the Certified Protection Professional (CPP), Professional Certified Investigator (PCI), or Physical Security Professional (PSP)—provide a high-level review of the security concepts tested on the certification exam. You will be able to identify areas of strength and weakness to confidently know where to focus your study, as well as build relationships with peers and board-certified instructors. If you’re planning to take the CPP, PCI, or PSP certification exam in the future, a review class should be an important part of your study preparation.

Please note: The reviews are intended as a review only of the general principles and subjects of the security discipline. Actual exam questions are not discussed.

THE ESRM LIFECYCLE AND CONVERGENCE OF PHYSICAL AND CYBERSECURITY

Sunday, 23 September | 8:00 am – 5:00 pm

This one-day program introduces you to the basics of ESRM and how the overall lifecycle functions to engage security as a true business partner to their enterprise executives. Interact as part of a team with several ESRM and convergence leaders, discussing a critical question of the ESRM approach—does ESRM require the convergence of physical and cybersecurity? Two panel discussions cover various aspects of ESRM and convergence in several leading security programs, exploring how each concept impacts the security manager’s role, and how the concepts differ from, and complement, each other. A live simulation of the ESRM lifecycle and a hands-on team exercise help you apply the knowledge learned.

POLICY-WRITING WORKSHOP

Sunday, 23 September | 8:00 am – 5:00 pm

Policies, procedures, training files, post orders, manuals—we all know the results we want to see, but sometimes we have trouble putting it in a clear written format that is legally defensible. This program provides simple steps to creating well-formatted, properly-written resources that will help you and your team reach the objectives you want. Walk away with a thorough understanding of which document fits which need, how to properly format and write them, and methods to keep these resources current and useful for your team. Bring your ideas for policies and procedures you want to write.

SUCCESSFUL SECURITY CONSULTING

Sunday, 23 September | 8:00 am – 5:00 pm

Looking to successfully launch a new security consultant practice or jump-start an existing one? Back by popular demand, this unique, one-day program can show you how!

Learn from a faculty of seasoned consultants on how to develop and market yourself as a security consultant and avoid expensive mistakes that can sabotage your success. Gain practical information that will save you time, money, and frustration. You'll return home with a comprehensive workbook, full of sample proposals and reports, that give you a clear advantage when competing for a security consulting assignment.

Sponsored by

EDUCATION PROGRAM

The GSX education program consists of a full curriculum of quality content in an immersive and interactive learning environment, offering insights and best practices to security professionals at every stage in their career. Explore 300+ expert-led sessions, each designed to deliver valuable, actionable takeaways to help shape your security strategy—today and in the future.

10:30 – 11:45 AM

4101 Selling Security Requirements to the C-suite

Rene Rieder, CPP, PSP, Associate Principal, Arup
Track: Architecture, engineering & design

4102 Managing a Global Workforce in a Crisis

John Covert, Global Head of Personnel Protection, SAP
Tim Crockett, Vice President, Security, HX Global, Inc.
Track: Crisis management

4103 Overcoming Threats to a Utility's Critical Infrastructure

Anthony Hurley, Vice President of Operations, Utility Executive
Cody Mulla, CPP, Critical Infrastructure, Texas PUC
Nicholas Santillo, CPP, PCI, PSP, Director, Physical and Cyber Security, American Water
Track: Critical infrastructure protection

4104 Protecting Mobile Devices from Today's Threats

J. Keith Flannigan, Executive Director, International Dynamics Research Corporation
Ron Lander, CPP, Chief Specialist, Ultrasafe Security Solutions
Leonard Ong, CPP, GRC Leader, APJ, Merck & Co., Inc.
Werner Preining, CPP, Responsible for European Operations, Interpool Security, Ltd.
Track: Cybercrime

4105 Creating a Realistic Active Shooter Response Training Program

Edward Daughety, CPP, Deputy Director of Training & Investigations, Harding University
Kevin Davis, CPP, Assistant Director of Public Safety, Harding University
Track: Emergency preparedness & response

4106 Bring Better Data to Top Management

Brian McIlravey, CPP, Co-CEO, Resolver, Inc.
Jeff Sieben, CPP, Product Manager, Resolver, Inc.
Track: Enterprise Security Risk Management

4107 Defense Security Service: Evolution to a National Integrated Security Agency

Fred Gortler, Director, Industrial Security Integration and Application, Defense Security Service
Daniel Payne, Director, Defense Security Service
Track: Governance & compliance

4108 Shooter Detection: A New Frontier in Physical Security

Charles Andrews, CPP, EAGL Technology
Paul Baratta, Business Development Manager for Healthcare, Axis Communications
Dan Michelinie, Senior Director of Sales & Business Development, Shooter Detection Systems
Derek van der Vost, Founder, Owner, Sound Intelligence
Track: Incident planning

4109 Smart/Safe Cities: 2020 and Beyond

Jack Hanagriff, Law Enforcement Liaison, City of Houston, Public Safety Office and Homeland Security
Don Jacobson, Business Partner for Innovation, City of Las Vegas
Al Pitts, IT Business Relationship Manager, City of Las Vegas
Steve Surfaro, Chair, ASIS Applied Sciences Council
Donald Zoufal, CPP, Safety and Security Consultant, CrowdZnest Consulting, Inc.
Track: Internet of Things

4110 Israeli Security Best Practices for Physical Security Professionals

Garret Macrine, CPP, Director of Firearms, GORUCK
Track: Organizational culture

4111 Balancing Public Access and Security

Scott Hogan, PSP, Security Project Manager, House of Commons
Randall Romanin, Senior Architect, Security Specialist, Morrison Hershfield
Track: Perimeter protection

“Everything was great—the networking opportunities, educational classes, and exhibit hall. I thoroughly enjoyed my time and found it to be well worth the investment.”

**—Ken Patton, Security Specialist
The Mosaic Company**

10:30 – 11:45 AM (CONT.)

4112 Radicalization in the Workplace

Daniil Davydoff, Manager, AT-RISK International, Inc.
Chuck Tobin, President and CEO, AT-RISK International, Inc.
Track: Risk, threat, and vulnerability assessments

4113 Duty of Care Obligations for Disabled and Elderly Workers

Josh Burdick, Corporate Security (Retired), American Financial Group
Jerry Heying, CPP, President/ CEO, International Protective Group, LLC
Michael Wylie, CPP, PCI, Director Environmental and Public Safety, Cincinnati State College
Track: Risk, threat, and vulnerability assessments

4114 Off-Duty Law Enforcement as Security Providers: Pros and Cons

Jeffrey Sweetin, CPP, Chief Operating Officer, Athos Group, LLC
Track: Security force management

4115 Prevent Vehicle Attacks in Public Spaces with CPTED

Randy Atlas, CPP, President, Atlas Safety and Security Design, Inc.
Track: Site hardening

4116 Using Drones for College Football Stadium Surveillance

Richard Ham, Associate Director, University of Arkansas
Track: Surveillance & counter-surveillance

This was a high-end event. The range of education topics and depth of knowledge exhibited was truly excellent. The professionalism and willingness to share knowledge made the event worth the money spent. I could have taken 3-4 separate educational programs for the cost and would still not have reached this level of information.

—Tony Hogan, Security Manager
CF Fertilisers

4117 Brussels National Airport Terrorist Attack: My Experience

Jean-Pierre Devos, First Commissioner, Federal Police, Belgium
Track: Terrorism

4118 ESRM and ASIS: Know More about Enterprise Security Risk Management

Rachelle Loyear, Director, ISS Program Management, G4S
Tim McCreight, CPP, Owner, Risk Rebels Consulting, Ltd
Timothy Wenzel, CPP, Program Manager, EP Special Projects & Residential Security, Facebook
Track: Enterprise Security Risk Management

4119 Employees Who Carry: Preventing Workplace Violence

Eddie Sorrells, CPP, PCI, PSP, Chief Operating Officer/General Counsel, DSI Security Services
Track: Workplace violence

4126 Hedging Cyber Risk Through Insurance

Presented by ISSA

Justin Orcutt, Manager, NCC Group
Track: Enterprise Security Risk Management

4127 Ending Breaches to the Payments Ecosystem

Presented by ISSA

Phil Smith, Senior Architect & Product Manager, Mainframe & Enterprise, Micro Focus
Track: Database & storage security

4131 Report from the InfraGard Electromagnetic Pulse Special Interest Group

Presented by InfraGard

Mary Lasly, Principal Professional Staff, Johns Hopkins Applied Physics Laboratory
Track: Critical infrastructure protection

4132 Cloud Security: A Paradigm Shift in Delivering Enterprise Applications and Services

Presented by InfraGard

Samuel Aiello, Global Consulting Architect, Verizon Enterprise Solutions
Track: Cloud security

4133 Mobile Cyber Exposures

Presented by InfraGard

Torry Crass, CISO, LEO Cyber Security
Mike Muscatel, Senior Information Security Manager,
Snyder's-Lance, Inc.
Track: Mobile device security

4134 Looking Beyond Violence in U.S. Churches

Presented by InfraGard

Curtis Jones, Sector Chief-Commercial
Facilities-Faith Base, InfraGard San Diego
Track: Site hardening

2:00 – 3:15 PM

4201 GRC's Role in an Enterprise-Wide Cyber Event

J. Keith Flannigan, Executive Director, International Dynamics
Research Corporation
Ron Lander, CPP, Chief Specialist, Ultrasafe Security Solutions
Leonard Ong, CPP, Associate Director, Merck & Co., Inc.
Werner Preining, CPP, Responsible for European Operations,
Interpool Security, Ltd.
Track: Cybersecurity

4202 Managing Today's Risky Social Media World

Don Aviv, CPP, PCI, PSP, Chief Operating Officer, Interfor, Inc.
Matt Horace, Security, Crisis & Law Enforcement Expert,
Independent Consultant
Christine Rafin, In-House Counsel, American Media
Shannon Wilkinson, CEO, Reputation Communications
Track: Crisis management

4203 How to Adapt Your Security Posture to the Infusion of Drones

Supported by Coalition of UAS Professionals

Jason Cansler, Partner, UASidekick, LLC
Nathan Ruff, Managing Director, Coalition of UAS Professionals
Mark Schreiber, CPP, Principal Consultant, Safeguards
Consulting, Inc.
Track: Current

4204 Reducing Soft Target Risks

Robert Carotenuto, CPP, PCI, PSP, Associate Vice President
for Security, The New York Botanical Garden
Andy Davis, CPP, Managing Director, Trident Manor
James McGuffey, CPP, PCI, PSP, Owner, A.C.E.
Security Consultants
Track: Terrorism

4205 Responding to Category 5 Hurricanes

Anthony Hurley, Vice President of Operations, Utility Executive
Track: Emergency preparedness

4206 The Art of Creating a Dynamic Strategic Security Business Plan

Bonnie Michelman, CPP, Executive Director, Security, and
Outside Services, Massachusetts General Hospital
Track: Enterprise Security Risk Management

4207 Emerging Technology and the Law

Michael Crane, CPP, Attorney and Security Consultant, Securisks
Lindsey Silva, Director, Blue Line Technology
Steve Surfaro, Chair, ASIS Applied Sciences Council
Donald Zoufal, CPP, Safety and Security Consultant,
CrowZnest Consulting, Inc.
Track: Governance & compliance

4208 DHS's Blue Campaign Sheds Light on Human Trafficking

Rich Cordivari, Vice President, National Operations Support,
Allied Universal
Michael McKeown, Executive Director, U.S. Homeland
Security Advisory Council and Campaigns
Brent O'Bryan, Vice President of Training and Development,
Allied Universal
Track: Human trafficking

4209 Active Shooter Prevention: Beyond Run, Hide, Fight

James Hamilton, Vice President, Gavin de Becker & Associates
Track: Incident planning

4210 Workplace Violence Interventions: The Instigator's Perception Matters

Dr. James S. Cawood, CPP, PCI, PSP, President, Factor One, Inc.
Track: Workplace violence

4211 More Security at Lower Cost

Max Saguier, CPP, PSP, CEO, ARSEC Alliance Regionale Securite
Jose Barone Valdes, PSP, CEO, Barone Consulting Bureau
Track: Organizational culture

2:00 – 3:15 PM (CONT.)

4212 Mitigating Insider Risk Using Behavioral Science

Eric Shaw, CEO, Insider Threat Group
Elsine Van Os, CEO, Signpost Six
Track: Risk, threat, and vulnerability assessments

4213 Solutions Beyond Standard Active Shooter Responses

Chuck Tobin, President and CEO, AT-RISK International
Track: Security awareness & education

4226 How Machine Learning Can Reduce Insider Threats

Presented by ISSA
Tanya Harris, CEO, Harrman Cyber
Track: Cybersecurity

4227 Insider Threat Mitigation: Lessons Learned from Actual Incidents

Presented by ISSA
Randall Trzeciak, Director, National Insider Threat Center,
Carnegie Mellon University Software Engineering Institute
Track: Cybersecurity

4231 Preparing a Critical Infrastructure Enterprise for a Cyber-Electromagnetic Pulse Attack

Presented by InfraGard
William R. Harris, General Counsel & Member of the
Board of Directors, Foundation for Resilient Societies
David Winks, Managing Director, Acquisight, Inc.
Track: Risk, threat, and vulnerability assessments

4232 Designing a Cyber Risk Strategy for the Human Operating System

Presented by InfraGard
Masseh Tahiry, Risk Strategist, Toffler Associates
Track: Cybersecurity

4233 The Growing Threat to America's Cyber Infrastructure

Presented by InfraGard
Kevin McDonald, Member, Orange County Homeland
Security Advisory Council
Track: Critical infrastructure protection

4234 Planning and Designing Facilities for Extreme Events

Presented by InfraGard
Scott Tucker, Principal, Page Southerland Page, Inc.
Track: Architecture, engineering & design

2:00 – 4:00 PM

4218 The Nightmare that Won't End: A Negligent Security Mock Trial

Mark Dupuis, Assistant Vice President of Security, Emergency
Preparedness & Response, Oschner Health Systems
Michael Haggard, Managing Partner, Haggard Law Firm
Todd Michaels, Attorney, Haggard Law Firm
Pat Murphy, CPP, PSP, Senior Director Global Safety/Security
Services, Marriott International - Risk Management
Track: Policies & procedures

4219 Sexual Misconduct Investigations: Fact or Fiction

Steven Millwee, CPP, President and CEO, SecurTest, Inc.
Track: Investigations

4220 Practical Tools for Complex Risk Management Assessments

Genevieve LeDuc, Enterprise Risk Management Advisor,
Bank of Canada
Derrick Stewart, Director, Global Affairs Canada
Track: Enterprise Security Risk Management

“*It is the best way to get all new information on products and manufacturers, all in one place. Plus, the networking is fantastic!*

**—Stephen Syphard, Security Designer II
TLC**

4221 Establishing a Chain of Command and Cooperation during a Cybersecurity Crisis

Eden Gillott Bowe, President, Gillott Communications
Ryan Schonfeld, President, RAS Consulting & Investigations
Track: Cybersecurity

4222 Facility Security Design from Conception to Completion

Jeff Lane, JPLane Advisors
Rene Rieder, CPP, PSP, Associate Principal, Arup
Track: Architecture, engineering & design

3:45 – 5:00 PM

4301 How Augmented and Virtual Reality Affect Security

Travis Rothbloom, Senior Engineer, Arup
Track: Augmented Reality

4302 Pier 39 Christmas Day Attack: Reality in a Threat Environment

Frazer Thompson, VP of Operations, Pier 39
Track: Crisis management

4303 Security for Events and Mass Gatherings

Supported by International Association of Venue Managers (IAVM)

Matthew Dimmick, PSP, Principal Consultant, Ross & Baruzzini
Mark Herrera, Director of Education, International Association of Venue Managers
Kyle McLaughlin, Senior Director, Event Production, New York Road Runners/TCS NYC Marathon
Jeffrey Miller, Owner, Jeffrey Miller Consulting, LLC
Track: Critical infrastructure protection

4304 Social Media Investigations

Heather Honey
Track: Investigations

4305 An Overview of the NIST Cybersecurity Framework

David Feeney, CPP, Manager, Cyber Risk, Deloitte
Andrea LeStarge, Manager, Cyber Risk, Deloitte
Rob Raffaele, Manager of Information & Cyber Security, American Water
Track: Cybersecurity

4306 School Emergency Preparedness Using a Tabletop Exercise

Kenna Powell, CPP, Director of Safety & Security, Providence Day School
Paul Timm, PSP, Vice President, Facility Engineering Associates, P.C.
Track: Emergency preparedness

4307 Running on a Shoestring Budget: A Case Study

George Hainer, Account Manager, Grant Public Utility District
Aaron Juarez, Security Systems Administrator, Grant County Public Utility District
Nicholas L Weber, CPP, PCI, PSP, Security Manager, Grant County Public Utility District
Track: Enterprise Security Risk Management

4308 Lessons Learned from Executive Protection Details in Mexico

Pablo Ortiz-Monasterio, CEO/President, AS3 Driver Training
Track: Executive protection

4309 Bitcoins, Blockchains, and Crime

Brent Barker, Global Security Consultant, Barker Global Security
Track: Future

4310 A Framework for Multigenerational Security Organizations

Michael Brzozowski, CPP, PSP, Risk and Compliance Manager, Symcor, Inc.
Jeffrey (J.C.) Dodson, Global Chief Information Security Officer and Vice President, Cybersecurity, BAE Systems
Angela Osborne, PCI, Regional Director, Guidepost Solutions
Track: Current

“ASIS 2017 was the most innovative and engaging ASIS event I have ever attended. It was simply the right delivery and level of polish and professionalism to exceed attendee expectations.”

**—Raymond Ferrara, Director of Corporate Security and Business Continuity
Ferguson Enterprises**

3:45 – 5:00 PM (CONT.)

4312 Hardening Concerts and Special Events in a New Era

K. Campbell, CPP, CEO and Founder, Blue Ice, LLC
Track: Site hardening

4313 Innovations in Soft Target Protection

Michael Rozin, President, Rozin Security Consulting, LLC
Track: Terrorism

4314 Effective Active Shooter Training in a Distributed Environment

Drew Neckar, CPP, Director of Enterprise Safety & Security, ECMC Group
Robert Nordby, Security Manager, ECMC Group
Track: Security awareness & education

4315 Proven Strategies for Protecting a Supply Chain from Today's Security Threats

Barry Brandman, CEO, Danbee Investigations
Track: Risk, threat, and vulnerability assessments

4326 Data Breach Response: Tips for Involving an Attorney and Law Enforcement

Presented by ISSA
Kevin Hampton, Special Agent, Department of Homeland Security, U.S. Secret Service
Stephen Reynolds, Partner, Ice Miller LLP
Track: Cybersecurity

4327 Holistic Security: Bigger than Combining Cyber and Physical

Presented by ISSA
Brian Harrell, CPP, Managing Director, Enterprise Protective Services, Duke Energy
Ross Johnson, CPP, Senior Manager of Security and Contingency Planning, Capital Power Corporation
Track: Critical infrastructure protection

4331 Lessons Learned from Extended Electrical Grid Outage Exercises

Presented by InfraGard
Dave Hunt, CPP, Founding Member, InfraGard Electromagnetic Pulse Special Interest Group
Richard Krieg, President & CEO, Krieg Group
Michael Lambert, Member, InfraGard Electromagnetic Pulse Special Interest Group
Robert McCreight, Member, InfraGard Electromagnetic Pulse Special Interest Group
Janet Thomas, FBI Supervisory Special Agent, InfraGard Electromagnetic Pulse Special Interest Group
Track: Critical infrastructure protection

4332 The Increasing Risks to Cybersecurity from Regulation and Enforcement

Presented by InfraGard
F. Paul Greene, Chair, Harter Secrest & Emery LLP
Track: Cybersecurity

4333 Will the Autonomous Vehicle be Hacked?

Presented by InfraGard
Kevin Hamlin, Crime Data Analyst, St. Croix County Sheriff's Office
Track: Critical infrastructure protection

4334 Crisis Communications Needs a Great Leader

Presented by InfraGard
Tommy Jones, Fire Chief, Griffin Fire-Rescue
Track: Crisis management

8:30 – 10:00 AM

5136 Solving Workforce Risk Via Career Pathways for Professionals and Next-Generation Hires

Presented by InfraGard

Peter Meehan, SVP International and Partnerships, iQ4 Corp & Cybersecurity Workforce Alliance (CWA)

Gopal Pandinjaruveetil, Chair, The Board of Advisory Council, Cybersecurity Workforce Alliance (CWA)

Leo Van Duyn, Vice President Corporate Risk, Global Head of Cybersecurity Education and Workforce Development, JPMorgan Chase

Track: Career planning & advancement

11:00 AM – 12:15 PM

5101 Clear Skies: Streamlining Security Operations at Airports

Ira Campbell, Director of Security and IT, Charleston International Airport

Brandon Reich, Business Practice Leader, Video Surveillance, Pivot3

Track: Architecture, engineering & design

5102 Surviving the Trauma of a Crisis or Critical Incident

Bradford Cole, Executive Director, K9 First Responders, Inc.

Angela Leath, Crisis Intervention Administrator, Las Vegas Fire and Rescue

Track: Crisis management

5103 Protecting the Energy Sector from High-Impact, Low-Frequency Events

Brian Harrell, CPP, Managing Director, Enterprise Protective Services, Duke Energy

Christopher Krebs, Under Secretary for the National Protection and Programs Directorate, U.S. Department of Homeland Security

Mark Weatherford, Chief Cybersecurity Strategist, vArmor
Track: Critical infrastructure protection

5104 Protecting Super Bowl Events with Behavior Threat Detection

Ashly Helser, Special Operations Manager, Mall of America

Michael Rozin, President, Rozin Security Consulting, LLC

Track: Current

5105 The Dark Web: Protecting Brand, Reputation, and Assets

Cynthia Hetherington, President, Hetherington Group

Track: Cybersecurity

5106 Active Assailant Workplace Violence Management Training

James Cameron, CPP, CEO/Founder, Security Concepts Group

Track: Emergency preparedness

5107 What You Need to Know about ESRM

Rachelle Loyear, Director, ISS Program Management, G4S

Tim McCreight, CPP, Owner, Risk Rebels Consulting, Ltd

Brian McIlravey, CPP, Co-CEO, Resolver, Inc.

Track: Enterprise security risk management

5108 Security: Cost or Benefit?

Lynn de Vries, CPP, PCI, Director, DutchRisk

Track: Financial management

5109 Leveraging Data Science for Enhanced Risk Intelligence and Business Decision Making

Whit Chaiyabhat, CPP, Staff Vice President, Global Security & Crisis Manager, FM Global

Kevin Convery, Global Security Data Science Analyst, Raytheon Missile Systems

Adam Harting, Manager, Business Analysis & Process Improvement, Raytheon Missile Systems

Mike Hartnett, Senior Principal, Global Risk Consulting, IHS Markit

Track: Innovation

5110 Legal Issues for the Corporate Security Manager

Richard Powers, President, Athos Group, LLC

Track: Leadership

5111 Protecting Enterprises from External Threats through Intrusion Detection

Mark Brown, Director, FLIR Systems, Inc.

Ian Steele, Managing Principal and Professional Electrical Engineer, PBX Engineering

Track: Perimeter protection

11:00 AM – 12:15 PM (CONT.)

5113 Risk-Based Pre-Employment Screening

Bernhard Maier, Director, BM-Investigations E.U.
Track: Policies & procedures

5114 Tips on How to Avoid Losses in the Courtroom

Michael Haggard, Managing Partner, Haggard Law Firm
Track: Policies & procedures

5115 The Changing Face of Nightclub Security

Miguel DeCoste, CPP, Coast Executive Services
Zachary Rugen, Nightclub Security Services
Track: Security force management

5116 An Australian Perspective on a Security Systems Installation Project

Paul Ducker, Critical Infrastructure Protection Project Manager, RMS
Track: Project management

5117 Planning Security for Workplace Violence Threats

Ted Wade, President, All Hazards Security, LLC
Track: Workplace violence

5118 Defending Against Vehicle Ramming Attacks

John Harris, Intel Specialist, Detroit Police
Kathleen Thompson, Detective 1st Grade,
New York City Police Department
Track: Terrorism

5119 Online Anonymity Isn't Just for Criminals: Protect Yourself and Your Company on the Internet

Sandra Stibbards, Owner/President, Camelot Investigations
Track: Cybersecurity

5121 Multigenerational Strategic Leadership Guidance: How to be Seen

Maria Dominguez, CPP, Senior Vice President, Regional Security Manager, Bank of America
Brittany Galli, Chief Success Officer, Mobotour
Track: Career planning & advancement

5126 Network Attacks Against Physical Access Controls

Presented by ISSA

Chris Carlis, Principal Consultant, Secureworks
Mike Kelly, Principal Consultant, Secureworks
Track: Network security

5127 Dark Web Market Investigations

Presented by ISSA

Chuck Easttom, Computer Scientist, CEC-Security LLC
Track: Cybercrime

5131 What the 2017 Hurricanes Teach about Preparedness and the Electric Grid Infrastructure

Presented by InfraGard

Bob Janusaitus, Commissioner/President, Harris County Emergency Services District #9/Business911 International, Inc.
Michael Lambert, Member, InfraGard Electromagnetic Pulse Special Interest Group
Mary Lasly, Principal Professional Staff, Johns Hopkins Applied Physics Laboratory
Track: Current

5132 All-hazards Risk Tabletop Exercise Development

Presented by InfraGard

Greg Benson, Instructor, Elgin Community College
Mike Fagel, Critical Infrastructure Analyst-Homeland Security, Argonne National Laboratory
Lawrence Fennelly, President/Senior Consultant, Litigation Consultants
Track: Emergency preparedness & response

5133 Activating a Network to Defeat a Network

Presented by InfraGard

Frank Grimmelmann, President and CEO, Arizona Cyber Threat Response Alliance (ACTRA)
Track: Public/Private partnerships

5134 Crisis Management in the Age of Cutting-edge Technologies

Presented by InfraGard

Stephanie Douglas, Managing Director, Guidepost Solutions
Angela Osborne, PCI, Regional Director, Guidepost Solutions
Track: Crisis management

2:00 – 3:00 PM

5201 How, When, and Why to Complete a Security Project Cost Estimate

Jeff Lane, JPLane Advisors
Rene Rieder, CPP, PSP, Associate Principal, Arup
Track: Architecture, engineering & design

5202 Update Security Operations Procedures with the AI Technology

Dennis Crowley, Senior Vice President, Integrated Technology, Allied Universal
Steve Reinharz, Founder and CEO, Robotic Assistance Devices
Adam Scraba, Compass Integrated
Track: Artificial Intelligence

5203 Securing the Medical Cannabis Industry from Seed to Sale

Timothy Sutton, CPP, Director of Security, GHG Management
Track: Current

5205 What Are You Doing to Protect the Critical Infrastructure?

Michael Levin, CEO and Founder, Center for Information Security Awareness
Track: Critical infrastructure protection

5206 Breaking and Entering Continued: Casing the Target for Good and Evil

J. Misher, Director, Federal Protective Service (DHS)
Track: Cybercrime

5208 Is Enterprise Security Risk Management Relevant to Retail Asset Protection?

Alan Greggo, CPP, Regional Asset Protection Manager, Microsoft Corporation
Track: Enterprise Security Risk Management

5209 Flying Past Security and Privacy: Drones and Facility Protection

Joshua Vayer, Division Director, U.S. Department of Homeland Security Federal Protective Service
Track: Governance & compliance

5210 Best Practices to Prevent Workplace Violence

Mario Pecoraro, President/CEO, Alliance Worldwide Investigative Group, Inc.
Track: Workplace violence

5211 The Future Security Workforce: Empowering Female Industry Leaders

Maria Dominguez, CPP, Senior Vice President, Regional Security Manager, Bank of America
Elizabeth Moslander, CPP, Chair, ASIS International Women in Security Council
Lisa Roy, Vice President & General Manager, Systems, Services, & Solutions, Johnson Controls
Lora Wilson, Director of Marketing, Axis Communications
Track: Career planning & advancement

5212 Balancing Security and Safety for Behavioral Health Patients

Lisa Terry, CPP, Vice President, Healthcare Consulting, U.S. Security Associates, Inc.
Track: Workplace violence

5215 Using Transformative Technology to Provide Business Value Beyond Security

James Connor, CEO, N2N Secure
Jeff Gurule, CPP, CEO/Principal, Obsys Group
Track: Innovation

5216 Protecting the Power Grid from Physical Attack

Ike Atlas, PSP, Director of Security Services, vScenario
Brian Harrell, CPP, Managing Director, Enterprise Protective Services, Duke Energy
Travis Moran, Strategic Partner, Gryphon Sensors
Track: Site hardening

5217 Mitigating Strategies for Combating Current Terror Threats

David Harel, Managing Director ASERO Israel, ASERO Worldwide
Track: Terrorism

5227 Preparing an Organization for a Cyber Crisis

Presented by ISSA
Wayne Tufek, Director, CyberRisk
Track: Crisis management

2:00 – 3:00 PM (CONT.)

5231 Integrating InfraGard and ISACs for Information Sharing

Presented by InfraGard

Bruce Churchill, National Transportation Sector Chief & Pacific Regional Representative, InfraGard National Members Alliance
Fred Hintermister, Cross-Sector Manager, Electricity ISAC & Vice Chair National Council of ISACs, Electricity ISAC
Track: Critical infrastructure protection

5233 Digital Data in the Age of Breaches and Thefts

Presented by InfraGard

John Iannarelli, FBI Special Agent (Retired),
The JI Consulting Group, LLC
Kelly Kuchta, Member, InfraGard
Track: Intellectual property crime

2:00 – 4:00 PM

5218 The Role of Early Warning System and Emergency Action Planning in Mass Atrocities

lotigbri Ogagaoghene, Captain, Universal Peace and Violence Amelioration Centre
John Pofi, CEO, John Pofi Foundation
Track: Terrorism

5219 The Trilogy of Executive Protection

Robert Oatman, CPP, President, R.L. Oatman & Associates, Inc.
Track: Executive protection

5220 Converged Security: All Risk Is Shared

Jeffrey Slotnick, CPP, PSP, President, Setracon Enterprise Security Risk Management Services
Track: Crisis management

5221 Active Shooter Survival Training for Civilians

Chris Kopp, Owner, Lockdown International, LLC
Track: Emergency preparedness

5222 Protecting Physical Access Control Systems from Cyber and Human Threats

Valerie Thomas, Securicon
Track: Architecture, engineering & design

5232 Design and Build a Cybersecurity Program Based on the NIST Cybersecurity Framework

Presented by InfraGard

Larry Wilson, CISO, University of Massachusetts
Track: Cybersecurity

3:30 – 4:30 PM

5301 Global Business Continuity: Best Practices for a Multi-National Corporation

Matthew Jordan, CPP, Corporate Security Director, Parsons Corporation
Track: Business continuity planning

5302 Hostility Management: Defusing Hostile People

Bruce Blythe, Chairman/Crisis Management Consultant, R3 Continuum
Track: Crisis management

5303 The Changing Role of the CSO in Today's Corporate Landscape

Imad Mouline, CTO, Everbridge
Tracy Reinhold, Chief Security Officer, Fannie Mae
Track: Professionalism

5304 Securing Trump Hotel Chicago

Edward Zitkus, CPP, Director of Security, Trump Hotel Chicago
Track: Current

5306 Focus and Control in Extreme Situations

Supported by International Association of Venue Managers (IAVM)

Mark Herrera, Director of Education, International Association of Venue Managers
Track: Detection systems

5307 How Civil Disturbances Affect Global Security

Inge Sebyan Black, CPP, Branch Manager, Securitas USA
Gail Essen, CPP, PSP, President, Professional Security Advisors
Michael Fagel, Ph.D., CEM, Homeland Security Analyst, Argonne National Laboratory
Jaime P. Owens, CPP, Security Branch Supervisor, Autoridad Del Canal De Panama
Track: Emergency preparedness & response

5308 Securing Big Data in an Evolving Regulatory Landscape

Gary Bucholtz, Global Security Standards Manager, Facebook
Track: Enterprise Security Risk Management

5309 Workplace Violence Prevention Training: Practical Programs for Busy Spaces

C. Joshua Villines, CPP, PCI, PSP, Executive Director,
The Human Intelligence Group
Track: Workplace violence

5310 The Security Investment Dilemma: Putting a Dollar Value on Lives and Assets

David Sousa, Division Director, U.S. Department of Homeland
Security Federal Protective Service
Track: Risk, threat, and vulnerability assessments

5311 Critical Testing Programs for Security Operations

Neil Lakomiak, Director of Business Development &
Innovation, Underwriters Laboratories
Rodney Thayer, Principle Consultant,
Smithee Spelvin Agnew & Plinge, Inc.
Coleman Wolf, CPP, Security Practice Leader, ESD Global, Inc.
Track: Systems selection & integration

5312 Sexual Harassment, Hostile Environments, and Victimization in the Workplace

Eric Barreras, Regional Sexual Assault Response Coordinator,
U.S. Department of Homeland Security
James Gagliano, Security Analyst Advisor, CNN
Deyanira Murga, Regional Manager Mexico/LATAM,
Executive Protection Institute
Track: Organizational culture

5313 Radicalization of the Lone Actor Terrorist: Making Sense of the Senseless

George Vergolias, Medical Director, R3 Continuum
Track: Terrorism

5317 Travel Risk Management: Travel and Security Working in Partnership

Supported by Global Business Travel Association (GBTA)
Benjamin Coleman, Risk Committee Member,
Global Business Travel Association (GBTA)
Track: Travel security

5326 Cybersmart Buildings: Investments in Connectivity and Automation

Presented by ISSA
Matthew Doan, Senior Associate, Booz Allen Hamilton
Jason Rosselot, CPP, Director Global Product
Security, Johnson Controls
Alex Runner, Director Thought Leadership, Johnson Controls
Track: Industrial & residential control systems security

5327 ESRM Best Practices for Security Leaders in Complex Environments

Presented by ISSA
Nathan Monshin, Director for International Risk, SI Risk
Track: Enterprise Security Risk Management

5331 Lights Go Out, Cell Phone Is Dead, Car Stops Running...Now What?

Presented by InfraGard
Dan Kramer, Circuit Rider, Montana Rural Water System, Inc.
Track: Emergency preparedness & response

5333 Cybersecurity and Data Breaches from a Business Lawyer's Perspective

Presented by InfraGard
Kathy Winger, Attorney/Owner, Law Offices
of Kathy Delaney Winger
Track: Cybersecurity

5334 Lessons Learned from a State Knee-deep in Critical Infrastructure Resilience

Presented by InfraGard
Kathryn A. McMullin, Critical Infrastructure Specialist, Utah
State Division of Emergency Management
Track: Critical infrastructure protection

“Both presenters in the sessions I attended were AWESOME. They offered wildly unique and inspiring insights for risk analysis and mitigation that will directly impact how I go about implementing security practices in the future.”

—Vicki Nichols, Supply Chain Security Specialist Lockheed Martin

11:00 AM – 12:15 PM

6101 AI-Driven Security Operations: Reaping Rewards and Avoiding Pitfalls

Chris Hurst, Chief Operating Officer, Stabilitas
Mikhail Zaydman, Chief Data Scientist, Stabilitas
Track: Artificial Intelligence

6102 Transitioning from Military Life to Civilian Employment

David Bareno, CPP, Corporate Security Director,
Westgate Resorts
Chris Chambers, Security Manager, TECO Energy
Lance Horton, Vice President, Morgan Stanley
Smith Barney Investors
Henri Nolin, CPP, President, Sun Security
Erin Parks, CPP, Head of Security, Sterling Bay
Track: Career transitioning

6103 Ransomware: Managing Data Extortion Crises

Erik de Vries, CPP, Director, DutchRisk
Lynn de Vries, CPP, PCI, Director, DutchRisk
Track: Crisis management

6104 Review a National Academies of Science Study on the Manufacture of IEDs

Craig Conklin, Senior Advisor, U.S. Department
of Homeland Security
Track: Critical infrastructure protection

6106 How Behavioral Threat Assessors and Investigators Can Collaborate to Prevent Workplace Violence

Matthew Doherty, Senior Vice President and Practice Lead,
Hillard Heintze
Workplace violence

6107 Explosive Detection Canines: Types and Effective Risk Mitigation Uses

Paul Hammond, President, VWK9
Detection systems

6108 Security Risk Versus Compliance: A Cultural, Technical, and Budgetary Shift

Daniel Renfro, PSP, Director, Risk Management and Training,
Applied Research Associates, Inc.
Nancy Renfro, PSP, Vice President, Applied Research
Associates, Inc.
Track: Enterprise Security Risk Management

6109 Executive Protection Client Support at Professional Sporting Events

Steve Albritton, Founder/CEO, OPStructure
Track: Executive protection

6110 Innovation in Global Security: The Benefits of an In-House Intelligence Analyst

Cristina Cruz, Manager, Crisis Management-Intel,
Prudential Financial
Caroline Dodson, Intelligence Coordinator,
Occidental Petroleum Company
Courtney Klein, PSP, Senior Intelligence Analyst,
Planned Parenthood Federation of America
Anthony Panella, Senior Threat Analyst, Bristol-Myers Squibb
Emily Slegel, Global Security Analyst, Johnson & Johnson
Track: Innovation

6111 Examine Espionage Threats and Multidimensional Countermeasures

Art Lesser, President, Merit Security
Jeff Stutzman, Chief Intelligence Officer, Wapack Labs, LLC
Bruce Wimmer, CPP, Regional Director and Senior
Consultant, G4S Corporate Risk Services
Track: Intellectual property crime

6112 Lean In on Centered Leadership

Dawn Gregory, CPP, Site Security Supervisor, MillerCoors
Karen Parks, CPP, PSP, Principle Transit Security & Law
Enforcement Training Officer, LA Metro
Laurie Simmons, CPP, PSP, Senior Manager Property
Protection, Cushman & Wakefield NorthMarq
Track: Mentoring & coaching

6113 Defending an Insider Threat Program to Legal and Human Resources Departments

Brian Kaveney, Industrial Security Attorney, Armstrong Teasdale, LLP
Tod Stephens, PCI, Industrial Security Attorney, Armstrong Teasdale, LLP
Track: Policies & procedures

6114 Homeland Security Resources for Security Professionals

Phillip Osborn, CPP, President/CEO, ATIS Consulting, LLC
Track: Public/Private partnerships

6115 How the Army Uses JARVISS

Patrick Dundon, Office of the Provost Marshal General
Alex Mascelli, Chief, Army Antiterrorism Division, Office of the Provost Marshal General
Track: Risk, threat, and vulnerability assessments

6116 Does a Business’s Continuity Plan Prepare for the Aftermath of an Active Shooter Incident?

Hector Sanchez, President, Holistic Secured Operations, Inc.
Track: Risk, threat, and vulnerability assessments

6117 Dealing with Customers Who Present Signs of Impairment or Intoxication

Russell Kolins, Chief Executive Officer, Kolins Security Group
Joe Vanderslice, CPP, Security General Manager, J V Investigations, LLC
Track: Security force management

6118 Winning the Red Queen’s Race by Changing the Course

Candace Worley, Vice President and Chief Technical Strategist, McAfee
Track: Cybersecurity

6119 Security Budgeting 101

Robert Carotenuto, CPP, PCI, PSP, Associate Vice President for Security, The New York Botanical Garden
Track: Financial management

6122 Security Careers: The What and the How

Ron Martin, CPP, Open Security Exchange
Track: Career planning & advancement

6126 How to Conduct a CPTED Facility Site Survey

Presented by ISSA
Art Hushen, President, National Institute of Crime Prevention
Mark Schreiber, CPP, Principal Consultant, Safeguards Consulting, Inc.
Track: Security surveys

6127 Using Social Media to Locate and Identify Individuals and Threats

Presented by ISSA
Michele Stuart, Owner/Instructor, JAG Investigations
Track: Investigations

6131 Interacting with Civic Leaders on a Catastrophic Infrastructure Collapse

Presented by InfraGard
Stephen Volandt, Co-Chair, InfraGard Electromagnetic Pulse Special Interest Group (EMP-SIG)
Track: Critical infrastructure protection

6133 A Zero Trust Approach to Information Security

Presented by InfraGard
Christopher Frenz, Director of Infrastructure, Interfaith Medical Center
Track: Network security

6134 Leveraging State Defense Forces for Public and Private Sector Partnerships

Presented by InfraGard
William Oden, Deputy Chief of Staff for Cyber Security and Intel, South Carolina State Guard
Track: Emergency preparedness & response

“This is the one event that nearly all my peers attend. It provides an opportunity to schedule meetings, catch up on current events, and receive critical training.”

—Bruce Canal, Senior Administrator/Director Orange County Public Schools

2:15 – 3:15 PM

6201 Pathways for the Security Profession

Supported by International Foundation for Protection Officers (IFPO)

Brian Baker, CPP, PCI, Senior Consultant, Baker Security Group
Chris Hertig, CPP, Editor, International Foundation for Protection Officers

Track: Career planning & advancement

6202 Mitigating Theft from the Elderly by Staff in Care Environments

David Horsburgh, CPP, PCI, PSP, Managing Director, Security Risk Management (NZ) Limited

Track: Crime prevention

6203 Threat Assessment Using Applied Forensic Linguistics

Liz Martinez, Student, Arizona State University

Track: Crisis management

6204 The Anatomy of an Evacuation: Duty of Care in Action

Craig Colburn, Chief Operating Officer, FocusPoint International

Track: Crisis management

6205 The ISIS Cyber Terror Threat and the Fall of the Caliphate

J. Keith Flannigan, Executive Director, International Dynamics Research Corporation

Ron Lander, CPP, Chief Specialist, Ultrasafe Security Solutions
Leonard Ong, CPP, GRC Leader, APJ, Merck & Co., Inc.

Werner Preining, CPP, Responsible for European Operations, Interpool Security, Ltd.

Track: Cybercrime

6206 Surviving a Mass Shooting: Case Studies in Successful Tactics and Techniques

John Matthews, Executive Director, Community Safety Institute

Track: Emergency preparedness

6207 Integrating Acoustic Sensors with Video to Improve Safety

James Marcella, Director of Industry Associations, Axis Communications

Kevin Wren, Security Director, Rock Hill School District
Donald Zoufal, CPP, Safety and Security Consultant, CrowZnest Consulting, Inc.

Track: Surveillance & counter-surveillance

6208 Can a Federally-regulated Industry Benefit Business, Employees, and the Public?

Edhem Kadic, Operations Manager, Dominance Guardian Services

Track: Governance & compliance

6209 Medical Risk Management for Meetings and Events

Jonathan Spero, CEO, InHouse Physicians

Track: Incident planning

6210 Selling the Value of Security Robots by Setting Realistic Expectations

Yi Li, Chief Technology Officer, Turing Video

Thomas Stoker, Turing Video

Track: Artificial Intelligence

6211 Countering Violent Extremism: Why and How Do People Radicalize?

Jennifer Hesterman, Vice President, Business Resiliency and Education Services, Watermark Risk Management International

Track: Terrorism

6212 Safe Termination Practices: Strategies to Prevent Violence

“The mere size of the exhibit floor was impressive and an eye opener. I was glad to see all the vendors and subject matter experts under the same roof to ask questions and collaborate on best practices and approaches to current challenges in the industry.”

**—Jorge Valdez, Security Manager
The RAND Corporation**

A GLOBAL PROFESSION, A CONNECTED COMMUNITY

As the world's largest membership organization for security management professionals, ASIS International is the trusted resource for everything from board certifications to standards. With 35,000 members from around the globe, ASIS provides a year-round community for security professionals at all stages of their careers to collaborate, share ideas and best practices, and celebrate accomplishments.

ASIS members enjoy a vast array of resources, benefits, and savings:

- More than 240 chapters worldwide to connect with regional colleagues
- 30+ councils of subject matter experts focused on specialized areas
- ASIS Connects—a new private and secure online community
- Member rates at year-round events
- Extensive array of education including webinars, classroom learning, executive training, and conference sessions to gain critical knowledge for success
- Board certifications to validate your expertise
- Standards & Guidelines to establish industry best practices
- Subscription to *Security Management* magazine to stay abreast of the latest trends
- Career HQ where job seekers find new opportunities for growth and advancement

Visit the ASIS Hub at GSX!

Stop by the ASIS Hub in the exhibit hall to explore the benefits and resources membership provides.

**UNLEASH
YOUR
POTENTIAL**

NOT A MEMBER?

Don't miss out on the once-a-year opportunity to join ASIS for half-year dues—now only \$97.50. Gain immediate access to valuable members-only benefits and resources through 31 December 2018. By joining ASIS today, you can save up to \$250 off an All-Access Pass to GSX. Learn more at asisonline.org/unleash.

THE CSO CENTER
FOR LEADERSHIP
& DEVELOPMENT

ASIS International

The ASIS International CSO Center for Leadership & Development is dedicated to assisting security executives in career development and elevating the status of security professionals in the C-suite and beyond. The Center provides year-round opportunities for the CSO community to come together at events and through online resources to share ideas and position themselves for success.

CSO Center members enjoy many exclusive perks at GSX:

- **CSO Lounge** which provides concierge services, refreshments, and a place to meet with colleagues and network
- **Executive education** from an elite academic institution
- **Custom learning experiences** with prominent keynotes
- Vibrant networking opportunities including our **CSO/ISMA Mixer** and **President's Reception**

In addition, CSO Center members have access to unparalleled year-round networking opportunities:

- The **Annual CSO Summit**, an exclusive forum to meet and learn from leaders in the private and public sectors
- **ASIS Europe**, which offers multiple tracks of valuable learning opportunities including keynotes, masterclasses, executive sessions, and exhibits
- **ASIS Connects**, our online platform provides members an efficient way to collaborate, get answers to everyday questions, and participate in topical discussions

Learn about the additional benefits membership provides, qualifications, and apply today at csocenter.org/join.

ASIS CERTIFICATION

For an ASIS board certified professional, attending Global Security Exchange is the best way to further your professional development and connect with the industry's top experts and solutions providers.

Earn up to 30 CPEs

GSX is the best place to earn CPE credits to help you maintain your CPP, PCI, and PSP credentials. If you are attending a pre-conference program or certification review, add up to 7 CPEs!

All-Access Pass:	23 CPEs (15 for attending sessions + 8 for visiting the exhibit hall)
One-Day Pass:	Monday: 5 CPEs for attending sessions
	Tuesday or Wednesday: 7 CPEs (4 for attending sessions +3 for visiting the exhibit hall)
	Thursday: 4 CPEs (2 for attending sessions +2 for visiting the exhibit hall)
Expo-Only:	Up to 8 CPEs
Pre-Conference:	Up to 7 CPEs
Exhibitors:	9 CPEs +1 CPE per session attended; note: you must submit a copy of your badge as proof of completion

Certification Lounge

Exclusively for ASIS-certified individuals, the Certification Lounge provides easy access and an ideal atmosphere to relax, connect with other certificants, get recertification tips from ASIS certification staff, and meet members of the Professional Certification Board. Open during exhibit hall hours.

RECERTIFICATION

Beginning January 2019, the lapsed period will be shortened to three months. If you are due to recertify by 31 December 2018, you will have only until 31 March 2019 to complete the recertification requirements or risk losing your certification.

THE GSX EXHIBIT HALL—A SOLUTION EXCHANGE

As the most comprehensive show for security professionals worldwide, GSX is where hundreds of companies launch products, preview innovations, and create solutions.

Showcasing immersive reality, robotics, and drone demos, as well as expanded education theaters and Career Center programming, the GSX exhibit hall will be transformed into a learning lab environment featuring the latest products and services and demonstrating innovation in action. This is an invaluable opportunity to demo products, talk to experts, and get questions answered about implementation.

If it's essential to global security, you'll find it at GSX:

- Access control
- Accessories, furniture, and vehicles
- Alarm systems
- Blast mitigation and bullet resistance
- Communications equipment
- Crisis and emergency management
- Detection and deterrent technology
- Information technology and systems
- Investigation
- Legal, insurance, and regulatory
- Management and consulting
- Personnel
- Surveillance equipment
- Tracking and monitoring
- Unmanned vehicles

EXHIBIT HALL HOURS

Tuesday, 25 September	10:00 am – 5:30 pm
Wednesday, 26 September	10:00 am – 5:30 pm
Thursday, 27 September	10:00 am – 1:00 pm

OPEN TO ALL PASS HOLDERS!

There's simply no better place to get up-close and hands-on with today's most innovative technologies and solutions from more than 550 exhibitors such as:

- ADT/Protection 1
 - Allegion
 - Allied Universal
 - Altronix
 - AMAG Technology
 - ASSA ABLOY Americas
 - Boon Edam
 - Bosch Security Systems
 - CIA
 - Dahua Technology USA
 - DoorKing
 - dormakaba
 - Edwards
 - Ford Commercial Vehicles
 - G4S
 - Garrett Metal Detectors
 - Genetec
 - Hanwha Techwin
 - Hikvision USA
 - Honeywell International
 - IJET International
 - InfraGard

- ... just to name a few

COMPLETE LIST >> [GSX.org/exhibitors](https://www.gsx.org/exhibitors)

EXHIBIT HALL FEATURES

Don't miss these special exhibit hall features where you can compare cutting-edge technologies, acquire the latest information, and find new solutions—all in one place.

ASIS HUB

ASIS International thrives on providing its members with the resources, tools, and connections to grow professionally. Visit our booth to learn more and take advantage of all that we have to offer.

INNOVATIVE PRODUCT AWARDS

The Innovative Product Awards (IPA), formerly known as Accolades, gives you the opportunity to view the latest security solutions and innovative products on the market. Take time to look, study, and compare products at the IPA Showcase—and then visit the companies' booths to see and demo the products.

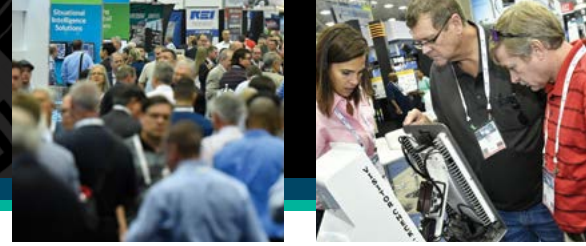

CAREER PAVILION & HEADSHOT STUDIO

Always a popular destination, the Career Center offers free resume reviews and career coaching, networking opportunities with employers and peers, and access to career development tools and job postings. New for 2018...the Career Pavilion will feature a Career Fair on Wednesday and Thursday so security professionals can connect directly with companies looking to hire talent directly. Then, stop by the Headshot Studio for a FREE professional headshot.

INTERNATIONAL TRADE CENTER

All attendees and exhibitors are invited to stop by the International Trade Center, where you'll find private conference rooms for meetings, interpreters, export counseling by U.S. Department of Commerce trade specialists, matchmaking services for international attendees and exhibitors, and refreshments.

INTRODUCING X-LEARNING

At GSX 2018, you will discover a reimagined exhibit hall that has been transformed into a learning lab environment—showcasing the most innovative products and services and demonstrating innovation in action. Three learning theaters, each with its own style and content, are designed to offer the security practitioner something unique:

XPERIENCE STAGE

showcasing case studies and other tried-and-true programs that highlight security challenges that have been addressed in the marketplace.

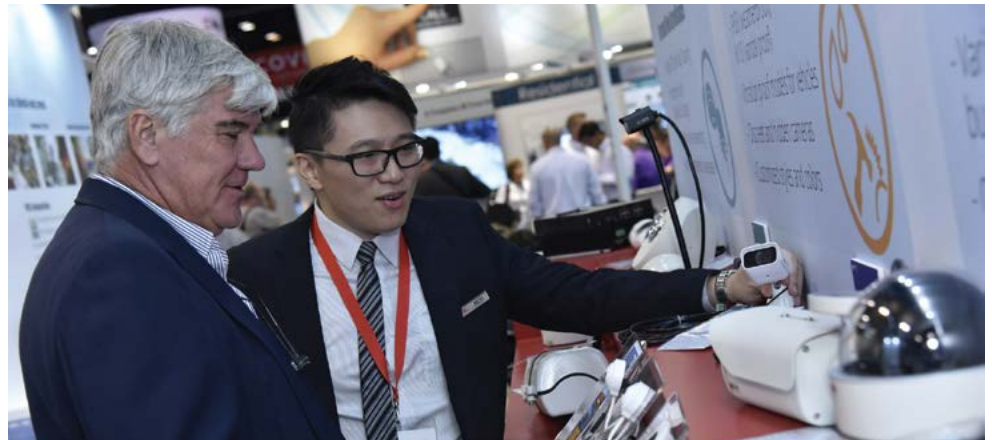

XCELERATED LEARNING STAGE

offering a forum for the critical discussions that need to take place between practitioners and solution providers to proactively address the current and future security landscape.

X STAGE

providing the convergence point for technology change drivers and innovators to explore and create collaborative solutions to critical problems; topics will include distributed internet and block chain/crypto, mixed reality and wearable technology, AI and machine learning, robotics, drones, data, information and identify overload.

The theaters are FREE to all pass holders!
Visit GSX.org/education for a complete list of theater sessions.

CONNECTIONS—MULTIPLIED

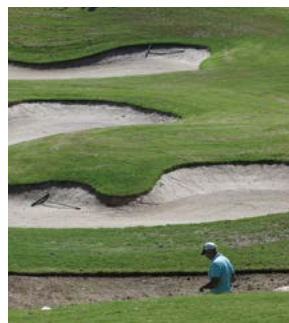

Connections are made all throughout GSX—in sessions, receptions, lunches, and the exhibit hall—you never know who you'll meet next! And there's no better place to network with the global security community than at these must-attend events.

ASIS FOUNDATION GOLF TOURNAMENT

Sunday, 23 September | 8:00 am – 3:00 pm

Bali Hai Golf Club

Team up with friends, colleagues, and clients for the 2018 ASIS Foundation Annual Golf Tournament. Your entry fee includes breakfast, player gifts, and a buffet lunch. Tournament proceeds will benefit the ASIS Foundation and its mission to advance the security profession. Don't miss out on this great opportunity to establish new friendships and have fun while supporting a great cause!

OPENING NIGHT CELEBRATION

Sunday, 23 September | 7:00 – 10:00 pm

Brooklyn Bowl | The LINQ

Mark your calendar and make plans to join us as we officially kick off GSX 2018! The Opening Night Celebration promises to deliver a can't-miss experience including food, music, and more. Open to all attendees and exhibitors; tickets required.

OUTSTANDING SECURITY PERFORMANCE AWARDS LUNCHEON

Monday, 24 September | 12:00 – 1:30 pm

Join your peers and colleagues for a seated lunch as we celebrate our industry's biggest achievements and successes during the Outstanding Security Performance Awards (OSPAs) Luncheon. For more information on the awards, judging, and how to enter, visit us.theospas.com. Open to all attendees and exhibitors; tickets required.

Outstanding Security Performance Awards

ASIS HAPPY HOUR

Tuesday, 25 September | 4:30 – 5:30 pm

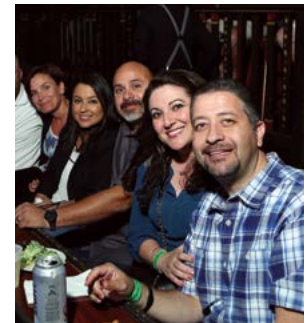

Join us for a happy hour in the exhibit hall to celebrate the end of the first day of the show! Enjoy complimentary drinks as you network with your peers and colleagues and explore essential solutions at this interactive happy hour, designed to increase your connections.

PRESIDENT'S RECEPTION

Wednesday, 26 September | 7:00 – 10:00 pm

Drai's Nightclub | Cromwell Las Vegas

Nothing else matches the energy and camaraderie that is created when the security profession comes together at the annual President's Reception! Drai's Nightclub provides an unrivaled view of the famous Las Vegas Strip and beyond from the 11th story capstone of the stylish Cromwell hotel. Join us for an unforgettable evening of entertainment, food and drinks, and unparalleled networking. Open to all attendees and exhibitors; tickets required.

INFRAGARD

InfraGard protects United States critical infrastructure and the American people by cultivating communications, collaboration, and engagement between the public and private sectors; the alliance unites the knowledge base, work, and resources of these stakeholders to mitigate threats to national security, improve resilience, and strengthen the foundation of American life.

The InfraGard education program at GSX consists of a curriculum presented by government (FBI, DHS, etc.), industry practitioners, and experts on topics related specifically to critical infrastructure protection and resilience. This year's conference lineup includes learning tracks in cybersecurity, the electromagnetic pulse (EMP) threat and grid resilience, business continuity and disaster recovery, emergency management and community safety, and healthcare threats and issues.

Topics/sessions include:

- Active Assailant: PII To Stop the Bleed
- All Hazards Risk Tabletop Exercise
- Big Data
- Business Continuity
- Crisis Management and Response
- Cyber and Physical Threats in Connected Enterprise—IoT, Robotics, Wearables
- Designing and Building A Cybersecurity Program
- Data Protection, GDPR, Privacy, And Transparency
- EC-Council STORM Cybersecurity Training
- Emergency Management in Extreme Weather Events
- Emerging Technologies
- Insider Threat
- Public-Private Sector Collaboration

SAVE ON REGISTRATION

when you register before 10 August—or, grab a free Expo-Only Pass for full access to the exhibit hall.

INFRAGARD HOST NIGHT AT THE MOB MUSEUM IN LAS VEGAS

Monday, 24 September | 7:00–10:00 pm

Join InfraGard and the FBI for our premier networking event at GSX!

REGISTER NOW >> InfragardTraining.org

The Information Systems Security Association (ISSA) is dedicated to developing and connecting cybersecurity leaders globally. ISSA is the community of choice for international cybersecurity professionals dedicated to advancing individual growth, managing technology risk, and protecting critical information and infrastructure.

The ISSA education program at GSX includes learning tracks in crisis management, critical infrastructure protection, cybercrime, cybersecurity, database & storage security, ESRM, governance & compliance, identity & access management, industrial & residential control systems security, investigations, network security, and security surveys.

Check out just a few of the sessions we have lined up for you:

- Hedging Cyber Risk through Insurance
- Ending Breaches to the Payments Ecosystem
- Network Attacks Against Physical Access Controls
- Dark Web Market Investigations
- Cybersmart Buildings: Investments in Connectivity and Automation
- ESRM Best Practices for Security Leaders in Complex Environments
- Using Social Media to Locate and Identify Individuals and Threats
- Eliminating and Mitigating Threats to Personal Privacy

About ISSA

The Information Systems Security Association (ISSA)[®] is a not-for-profit, international organization of information security professionals and practitioners. It provides educational forums, publications, and peer interaction opportunities that enhance the knowledge, skill, and professional growth of its members. Learn more at issa.org.

MILITARY & LAW ENFORCEMENT APPRECIATION DAY

Military & Law Enforcement Appreciation Day honors the individuals who make our communities and world a safer place. As a thank you for your service, all law enforcement, military, and first responders get FREE one-day admission on **Wednesday, 26 September**.

Your Complimentary One-Day Pass Includes:

- Wednesday keynote—plus, make plans to come back the following morning for the Thursday keynote, included with your pass
- Access to Wednesday's education sessions that align with today's most critical headlines—including IoT security, active shooter, soft target protection, human trafficking, and workplace violence
- Access to the exhibit hall featuring 550+ exhibitors showcasing thousands of security products and services, plus all the can't-miss show floor features

REGISTRATION

All law enforcement, military, first responders, and veterans will receive a FREE One-Day Pass (that's an \$870 value!) on Wednesday, 26 September.

Please note: You will need to present an official government or military ID when you pick up your badge onsite at registration. If you do not have a valid ID, you will need to pay the onsite price for a Wednesday One-Day Pass. This offer is not valid for contractors.

PROMO CODE: THANKS

Be sure to enter promo code **THANKS** to take advantage of this special offer. Reception tickets can be purchased separately.

INTERNATIONAL BUYER PROGRAM

GSX 2018 is proud to be a participant in the U.S. Department of Commerce International Buyer Program (IBP), which recognizes the importance of this event to the security industry worldwide. Join a delegation today to connect with peers and colleagues from around the globe and explore the trends and technologies driving the security industry.

JOIN A DELEGATION FROM YOUR COUNTRY

When you join a delegation, you can take advantage of special IBP prices and benefits—available ONLY to delegation participants. Contact the Commercial Service Specialist at your local U.S. Embassy or Consulate to receive a special IBP registration code. To find your commercial contact, visit export.gov.

INTERNATIONAL TRADE CENTER (ITC)

Make the ITC your headquarters for business meetings, catching up on emails, planning your day, networking with peers, or just to taking a break from all the action. The ITC is here to maximize your experience and provide a place of comfort while at GSX. Below are just a few of the services provided:

-  Onsite multilingual staff assistance
-  Complimentary refreshments
-  Private meeting rooms
-  Wi-Fi access
-  Computer workstations and printers
-  Power outlets to charge your devices

CAN'T JOIN US IN LAS VEGAS?

Don't worry! You can still reap the benefits of the outstanding program line-up that will be presented. Launched in 2017, **Global Access LIVE!** provides live streaming of select education sessions and keynotes from Global Security Exchange (GSX).

GSX, formally the ASIS Seminar & Exhibits, offers a best-in-class environment for education, networking, and business building that will provide year-round benefits for attendees and exhibitors alike. Global Access LIVE! connects you with GSX content in real time from any location and from any device around the globe—no travel required!

With sessions focusing on risk, threat and vulnerability, terrorism, Enterprise Security Risk Management, and more, you'll get the tools and the knowledge to help you now and to face future challenges.

The Global Access LIVE! platform allows you to view top sessions, ask questions of the presenters, network through chat, and share best practices with fellow participants. This is an invaluable opportunity to earn CPE credits from the comfort of your office—or, gather your entire team to listen and learn together.

LEARN MORE >> GSX.org/GAL

Planning to join us in Vegas, but have colleagues who can't get away? No problem. Simply add Global Access LIVE! to your cart during registration and share your login information with your team back home.
